

Serial No. 10/030,343

IN THE SPECIFICATION:

Please replace the paragraph beginning on page 12, line 9 with the following amended paragraph:

It will be further noted that the body section includes an intermediate wall section 40 41 which extends behind the body front surface 30 but in front of the chamber 8. This wall section 40 41 serves to ensure the chamber 8 is only contacted by active substance and flush water and, in particular, cannot be "targeted" by males urinating in the toilet bowl.
